

WONG SHIU CHI SECONDARY SCHOOL

Career & Life Planning Education

Activities Highlights 2018-19

Career Room Grand Opening

The opening ceremony of Career Room has been held on 26 September. Principal and Vice-Principle Mr. Chan Wai-Keung presided over the ribbon-cutting ceremony.

Principal's Sharing – My Way

Our Committee cooperated with the Discipline Committee, the Guidance Committee and the Life Education Committee to organize an event on 27 September 2018. In the event, Principal Cheng was invited to share his experiences with the student leaders.

Women CEOs Dialogue and Mentorship Programme Inauguration Ceremony

Alumni Sharing 校友・職場分享

Careers and Further Studies Committee, OLE Committee and Alumni Association organized an activity for S5 students on 16 November 2018. Alumni in different professions were invited to share their career development and life experience with S5 students.

S6 Mock Interview Workshop

To get prepared for university admission interview, S6 students joined the Mock Interview Workshop organized by The Friends of Scouting on 16 November 2018.

Parents' Talks

Parents' talks were organized for S3-S6 students.

Alumni Talk – The Exciting Chemistry of Light and Colour

Our alumnus, Ho Yu AU-YEUNG, Assistant-Professor was invited to give a talk to our students on 22 November 2018.

Briefing Seminar on “Study in Japan”

To help senior secondary students who plan to study abroad in Japan, the JPUE was invited to conduct a briefing seminar on the admission procedures and programs offered by Japanese Universities for foreign students.

POLYU STEM DAY

To enable students to know more about the careers related to STEM education and the JUPAS programme choices offered by the Polytechnic University, our school arranged students to join the POLYU STEM DAY 2018 on 18 December.

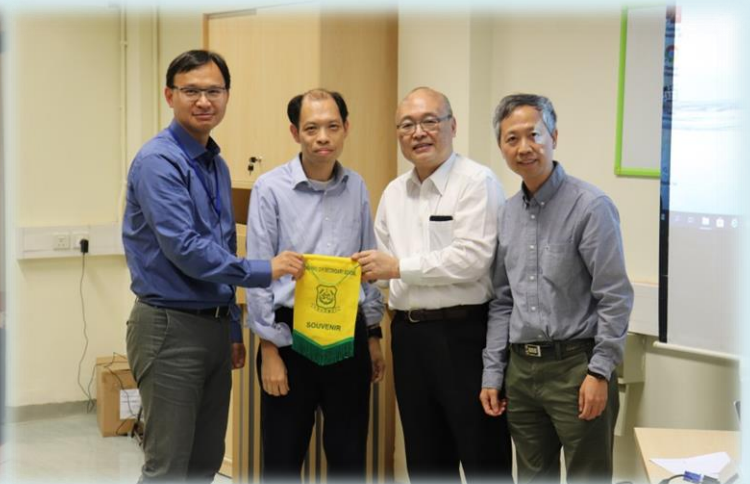

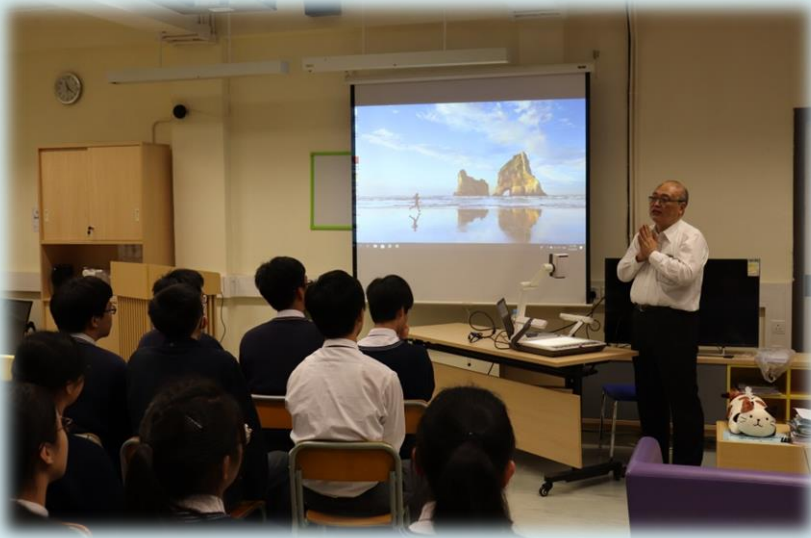

2019 Lunar New Year Fair

The Career Ambassadors ran a fair stall in the Lunar New Year Fair in Tin Hau Temple Fung Shui Square with the aims to nurture entrepreneurship, gain the knowledge and skills to plan and organize career-related activities as well as develop positive value. Most of the profits generated from the event was donated to non-governmental organizations. About 50 S4-S5 students had joined the activity.

Career Talk – Mathematics Education

To enhance students' interest in mathematics and know more about the JUPAS programme choices offered by The Education University of Hong Kong, the Mathematics Department and Careers and Further Studies Committee organized a seminar for S4 and S5 students. Dr. LEUNG King Shun, Associate Head, Department of Mathematics and Information Technology, The Education University of Hong Kong was invited to give a talk to our students.

LATTE ART WORKSHOP

The Committee had organized the “Latte Art Workshop” for senior secondary students. The course offered students a chance to get to grips with every aspect of coffee and latte art, from pulling perfect espresso to milk frothing techniques. After instructor’s explanation and demonstration in class, students had a chance to practice making and tasting their very own cup of coffee.

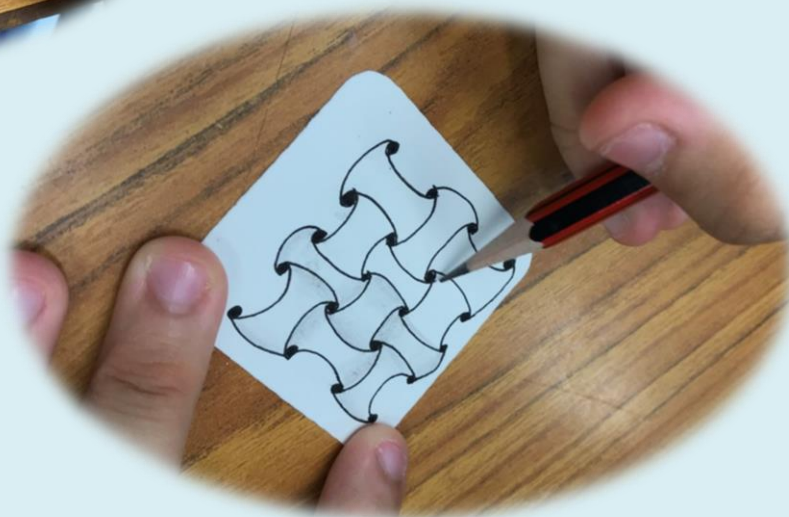

Workplace Visit - Peninsula Hotel

禪畫班 Zentangle Workshop

Students learned how to create beautiful images by drawing structured patterns.

OEA Writing & Self-introduction workshop
