JUPAS takes no responsibility for the unauthorised use of any of its information. Members of the public are advised to refer to the information contained in the JUPAS and 9 JUPAS participating-institutions' websites as the official source of Admissions Scores.**

The information contained here is extracted from the websites of the respective JUPAS participating-institutions.

**You are advised to consult the websites of the respective JUPAS participating-institutions for further and additional information.**

As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, *etc.*), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of offered applicants in the JUPAS main round admission exercise. Students admitted through special admission routes (other experiences and achievements, principal's nominations, sports talents, disabled applicants and Home Affairs Bureau Multi-Faceted Excellence Scholarship) are not included.

Students are reminded that because of the different weightings adopted, the admission scores are not comparable across programmes and different admission years. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

Category A Core and Elective Subjects (including M1/M2)							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category C Other Language Subjects					
Grade	A	B	C	D	E
Score	5	4	3	2	1

Remarks: Category B Applied Learning subjects are not considered in the score calculations.

If students take both M1 and M2, they are counted as one subject only.

For programmes with less than 15 offers, only one 'median' sample case and one 'lower quartile' sample case are presented.

**Admissions Scores of JUPAS Entrants**

The information contained here is based on the subject results achieved by the applicants at the

- a. study programme's mean of summation scores of 4 HKDSE core subjects plus 1 best elective subject (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and
- b. median position (in the middle); and
- c. lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

## Lingnan University 2016 JUPAS Admissions Scores

Applicants for admission should note that the evaluation of students is NOT only based on academic performance, but also on performance in extra-curricular activities, interviews, tests and other factors which reflect the all-round performance of applicants. The information contained in this page is therefore **for reference only** and should not be used to predict the chance of admission to any programmes in subsequent years (which may depend on performance of overall grades of applicants in a particular year, the number of applicants applying to the programme, etc).

### Average Scores of JUPAS Admittees 2012-2016

The average scores below reflect the General Entrance Requirements of the four core subjects (Chinese Language + English Language + Mathematics + Liberal Studies) plus the best elective subject [(CHI + ENG + MATH + LBS + ELECTIVE) / 5].

#### Notes:

- The average scores are calculated according to the following converted points for Categories A and C subjects:

[From 2012-2014]

5\*\*=7 points, 5\*/A=6 points, 5/B=5 points, 4/C=4 points, 3/D=3 points, 2/E=2 points, 1=1 point.

[2015 Onwards]

5\*\*=7 points, 5\*/A=6 points, 5/B=5 points, 4/C=4 points, 3/D=3 points, 2/E=2 points, 1=1 point.

- The figures given are for general reference only.

## The Education University of Hong Kong 2016 JUPAS Admissions Scores

### Selection Criteria

EdUHK adopts a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for their full-time undergraduate and higher diploma programmes, the University takes into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes such as Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area. For example, applicants for Mathematics major should possess Level 3 or above in HKDSE Mathematics (Compulsory Part) and Level 2 or above in Module 1 or Module 2 of Mathematics (Extended Part).

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the University's Undergraduate Programme Nominations Scheme will be considered favourably with good school reference reports and interview performance.

### HKDSE Admission Scores

#### Bachelor's Degree / Higher Diploma Programmes

The HKDSE admission scores are the sum total of the level/grade values of the best five HKDSE subjects, regardless they are core or elective subjects.

Subject levels/grades are converted into numeric values according to the following scoring system:

Category A : New Senior Secondary Subjects							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category B : Applied Learning Subjects		
Result	Attained with distinction	Attained
Score	3	0

\* excluding DSE Applied Learning Chinese (for NCS students)

Category C : Other Language Subjects						
Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

**It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.**

## The Hong Kong Polytechnic University 2016 JUPAS Admissions Scores

(Updated on 9 February 2017)

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated based on their HKDSE results and subject weightings for selection purposes.

The information provided here is the HKDSE examination results of offered applicants in the JUPAS main round. Students admitted through non-academic achievements schemes are excluded. Please note that the figures provided below are for reference only since the HKDSE results of students admitted to each programme vary from year to year. Moreover, some programmes consider applicants' other profiles, as well as interview performance and/or Band choices.

### Explanatory Notes on the Calculation of Average HKDSE Scores

- Starting from 2013-14, **one** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
  - **4X + 1 Best Elective:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus the "best" elective subject will be taken into account.
  - **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
  - **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
  
- For Higher Diploma programmes, the **Chinese & English Languages + Any Best 3 Subjects** mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

- Core and Elective Subjects  
5\*\* = 7, 5\* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0
  
- Applied Learning Subjects:  
Attained with Distinction (accepted as Level 3 at HKDSE) = 3,  
Attained = 0 (applicable to Bachelor's Degree programmes only),  
Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)
  
- Other Languages:  
A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

## The Hong Kong University of Science and Technology 2016 JUPAS Admissions Scores

For applicants fulfilling the School-specific entrance requirements, their HKDSE Scores will be calculated by School-specific subjects and weightings.

Admission figures are provided here for reference only. In reading the information, please note that the public examination results of students admitted to each program vary from year to year. Moreover, we consider an applicant's whole profile, on top of the HKDSE Score.

### 2016 JUPAS Admissions Scores

The following table shows the upper quartile, median, lower quartile, and lowest scores of HKDSE applicants admitted to each programme based on the calculation of (i) best 5 HKDSE subjects in Category A or Category C, and (ii) 4 core subjects and best 2 elective subjects in Category A or Category C of HKDSE respectively. The main selection principle adopted by the corresponding programme is shaded in the following table. Please note that some programmes may have additional requirements (e.g. specific subject requirements, subject weightings, etc.) in the selection process which are not reflected here.

3. The HKDSE scores listed here are *for reference only*, and should not be used to predict the chance of admission to any programme in future years, for at least two reasons:

- (a) admission is not necessarily based on examination results alone; and
- (b) the examination results of applicants admitted to each programme vary from year to year.
